How to Authenticate This Official Transcript From West Texas A&M University

This official transcript has been transmitted electronically to the recipient, and is intended solely for use by that recipient. If you are not the intended recipient, please notify the Office of the Registrar at West Texas A&M University. It is not permissible to replicate this document or forward it to any person or organization other than the identified recipient. Release of this record or disclosure of its contents to any third party without written consent of the record owner is prohibited.

This official transcript has been digitally signed and therefore contains special characteristics. If this document has been issued by West Texas A&M University, and for optimal results, we recommend that this document is viewed with the latest version of Adobe® Acrobat or Adobe® Reader; it will reveal a digital certificate that has been applied to the transcript. This digital certificate will appear in a pop-up screen or status bar on the document, display a blue ribbon, and declare that the document was certified by West Texas A&M University with a valid certificate issued by GeoTrust CA for Adobe®. This document certification can be validated by clicking on the Signature Properties of the document.

The blue ribbon symbol is your assurance that the digital certificate is valid, the document is authentic, and the contents of the transcript have not been altered.

If the transcript does not display a valid certification and signature message, reject this transcript immediately. An invalid digital certificate display means either the digital signature is not authentic, or the document has been altered. The digital signature can also be revoked by the transcript office if there is cause, and digital signatures can expire. A document with an invalid digital signature display should be rejected.

Lastly, one other possible message, Author Unknown, can have two possible meanings: The certificate is a self-signed certificate or has been issued by an unknown or untrusted certificate authority and therefore has not been trusted, or the revocation check could not complete. If you receive this message make sure you are properly connected to the internet. If you have a connection and you still cannot validate the digital certificate on-line, reject this document.

The transcript key and guide to transcript evaluation is the last page of this document.

The current version of Adobe® Reader is free of charge, and available for immediate download at http://www.adobe.com.

If you require further information regarding the authenticity of this transcript, you may email or call the Office of the Registrar at West Texas A&M University at registrar@wtamu.edu or 806-651-4911.

Prior to 1976: Undergraduate courses taken for graduate credit are not designated on the transcript as being on the graduate level. A master's degree shown on the transcript is accurate and represents completion of a proper course of study with the required level and quantity of course work for a graduate course.

Spring 1976: WTAMU changed to a 4.0 grade scale. If a student was enrolled in the Spring of 1976 or thereafter, his/her entire WTAMU record is converted to a 4.0 scale.

Grade point average is calculated by dividing hours attempted into grade points earned. **Beginning Fall 1999**: Grade point average is calculated by dividing hours calculated (calc) into grade points earned. A STUDENT IS ENTITLED TO HONORABLE DISMISSAL UNLESS OTHERWISE STATED.

Beginning Fall 2004: West Texas A&M University changed from a three-digit numbering system to a four-digit numbering system, which follows the Texas Common Course Numbering System (TCCNS). The four-digit numbers are identified as follows:

- First digit identifies the level (1=freshman, 2=sophomore, 3=junior, 4=senior, 5=stacked undergraduate/masters, 6=masters, 7=masters/doctoral, 8=doctoral);
- Second digit identifies the credit-hour value (0 being variable);
- Third and fourth digits establish the course sequence or type of course.

0001-0999	Developmental courses, do not count toward degree.
1000-2999	Primarily freshman and sophomore courses.
3000-4999	Open to students who have completed at least 30 hours and any prerequisites.
5000-5999	Graduate stacked with undergraduate.
6000-6999	Masters level.
7000-7999	Masters/doctoral level.
8000-8999	Doctoral students only.
